RAVE AWARD

Parents and Guardians,

As we approach the end of the semester, I wanted to reach out and address an increasing concern regarding student behavior. During this time of year, it is common to see a rise in disruptions and distractions, however we have noticed an uptick in behaviors that are not in line with our expectations for respect, responsibility, and safety.

To support our efforts in managing these behaviors, we encourage parents and guardians to have conversation with your children about the importance of staying engaged and respectful to peers and adults..

We are committed to addressing these behavioral concerns in a fair and consistent manner, with the goal of making sure ALL students feel safe and welcome.

Thank you for your continued support and partnership.

-Mr. Lancaster

ONCE YOU'RE DONE, PUT UP YOUR GUN

Safe gun storage saves lives.
Follow these steps post-hunt to
prevent your guns from getting into
the wrong hands. Together, we can
KEEP 'EM SAFE, TEXAS!

FOLLOW THESE 3 STEPS TO SAFE GUN STORAGE

1

Store Firearms

Store gun securely and out of sight using a safe gun storage device.

2

Store Ammunition

Store and lock ammunition safely.

3

Restrict Access

Keep others from getting access to stored firearms 24/7.

AFTER THE HUNT, MAKE SURE YOU CAN CHECK ALL THE BOXES!

- Firearms are stored locked using a safe gun storage device, such as a trigger lock, biometric lock, gun case, strong box or gun safe.
- Ammunition is safely stored.
- Access to stored firearms is restricted from unauthorized persons at all times, no matter where the firearm is located.
- All locking devices that use keys are in a place unauthorized users are unaware of.
- When a firearm is in a vehicle, it must still be stored safely.
- Safe storage of firearms is practiced at all times.
