Bear Families,

As we approach the upcoming STAAR (State of Texas Assessments of Academic Readiness) testing season, we want to ensure that all of our students are fully prepared for the assessments. It is essential that each student brings a fully charged device to school each day during the testing period.

Having a charged Chromebook or laptop is critical to ensure that there are no disruptions during testing and that each student has the best opportunity to complete their assessments without technical issues. Thanks for your support.

- Mr. Lancaster
