Dear Parents and Guardians,

As we navigate the complexities of our digital world, I want to address an important topic that affects our children: the issue of social media threats.

Recently we have seen an increase in incidents where students have made inappropriate or threatening comments online. These messages, often shared and reposted can have serious consequences—not only for the individuals involved but also for the wider school community.

It's essential that we work together to foster open lines of communication with our children about their social media behavior.

As a school community, we are committed to promoting a safe and supportive environment for all students. We encourage you to engage in conversations at home about the responsible use of social media. Together, we can help our children navigate these challenges and make positive choices.

Thank you for your ongoing support in keeping our community safe.

-Mr. Lancaster
