

Bear Necessities

Remembering 9/11 and Celebrating Freedom Week

Freedom week will be celebrated in Social Studies classes by having activities related to patriotism and citizenship. We will also read a passage over the PA from the Declaration of Independence.

Monday, September, 11th will mark 22 years since the terrorists attack on our country. We will honor those that lost their life that day by reading a passage from former President, George W. Bush and observing a moment of silence.
